

Gleanings of

10th BIENNIAL ESTRO CONFERENCE ON PHYSICS AND RADIATION TECHNOLOGY FOR CLINICAL RADIOTHERAPY

from August 30 to September 3, 2009, in Maastricht, The Netherlands

our booth was in cooperation with Scanflex Medical

Conventional superficial and orthovoltage x-ray therapy remains an interesting alternative for the treatment of benign diseases.

We thank all the visitors of our booth for their interest.

Forgotten leaflets could be downloaded [here](#).
